

## SUPREME COURT'S DECISION SPLITS GREAT HARRIMAN MERGER AS A VIOLATION OF SHERMAN ANTI TRUST LAW

### Dissolves Merger of Union Pacific and Southern Pacific Railroads

### GIVES COURT'S DECISION

### Justice Day Announces Unanimous Opinion of the Court and Gives Summary of the Case

### ENDS LONG FOUR YEAR FIGHT

WASHINGTON, DEC. 2.—The great Harriman merger created when the Union Pacific Railroad company bought 46 per cent of the stock of the Southern Pacific company was split asunder today by the supreme court of the United States as a violation of the Sherman anti-trust law. Then, with the end of the merger before it, the court sent forth its portentous declaration that while "the law may not be able to enforce competition, it can reach combinations which render competition impracticable."

Justice Day announced the unanimous opinion of the court.

VanDevanter took no part in the consideration of the case today, but his principal finding when he was a judge of the Utah circuit court, to the effect that the two roads were not competitors and therefore no violation of the law had resulted from the purchase, was reversed and annulled. Instead of following the reasoning of Justice VanDevanter and Judges Sanborn and Adams, the court in substance approved the minority holding of Judge Hook that the roads were competitors and that it was just as much a violation of the law for one road to buy the controlling stock of a competitor as it was for a holding company as in the Northern Securities case to buy the controlling stock of two competing companies.

As the Northern Securities company plan failed nearly 19 years ago, so the Harriman plan fell today. The circuit court for the District of Utah was directed to supervise the separation of the two roads after hearings, and in emergency to appoint a receiver to sell the stock. The Union Pacific, if the circuit court sees proper, may retain control of the old Central Pacific line from Ogden to San Francisco. The decision of the lower court that there was no violation of the law in the attempt to acquire the Northern Pacific stock and the stock of the Atchison, Topeka & Santa Fe railway company, afterwards abandoned, and a certain interest in the San Pedro, Los Angeles and Salt Lake company was allowed to stand. It is the general belief here that the application of the decision to the railroad situation of the country will be wide-spread, placing a powerful precedent in the hands of the attorney general to prevent the consolidation of competing roads.

**Effect on Other Roads Unknown.**

Department of justice officials, however, were not prepared tonight to discuss the full effect of the decision upon other railroads.

Attorney General Wickersham, elated over the outcome, issued a statement in which he simply declared that the case extended the principles of the Northern Securities case and re-affirmed those of the Standard Oil and St. Louis Terminal association cases.

Justice Day in his opinion first dealt with the law in the case. He spoke of the Standard Oil and tobacco cases of last year as the final authority on the interpretation of the Sherman anti-trust act. He pointed to the decisions before the Standard Oil and tobacco cases as being approved in these cases, and then proceeded to apply to this merger the principles discussed in all those decisions.

**Justice Day's Opinion.**

"We take it, therefore," he said, "that it may be regarded as settled that a combination which places railroads engaged in interstate commerce in such relation as to create a single dominating control in one corporation, whereby natural and existing competition in interstate commerce is unduly restricted or suppressed, is within condemnation of the act. While the law may not be able to enforce competition, it can reach combinations which rendered competition impracticable."

"Nor do we think it can make any difference that instead of resorting to a holding company as was done in the Northern Securities case, the controlling interest in the stock of one corporation is transferred to the other. The domination and control, and the power to suppress competition, are acquired in the one case no less than in the other and the resulting mischief, at which the statute was aimed is equally effective whichever form is adopted."

He added that a more effectual form of combination to secure the control of a competing railroad than for one road to acquire a dominating stock interest in the other could hardly be conceived.

One by one, Justice Day took up the arguments upon which the railroads hoped to defeat the government's suit. He first considered the argument that the systems were not competitors, but partners.

"To compete," the justice said, "is to strive for something which another is actively seeking and wishes to gain."

He quoted the testimony of railroad men that this was what the Union Pacific and Southern Pacific were doing by the purchase. Competition as to rates was not the only aim of the law, he explained, but there was competition as to the character of service rendered, and the accommodations afforded. He said that it made no difference that rates were not raised for the time being, after the combination was effected.

"It is the scope of such combinations and their power to suppress and stifle competition, or create monopoly which determines the applicability of the act," Justice Day declared. The argument that the competitive traffic was infinitesimal he dismissed with the statement that it amounted to many millions of dollars.

Next he took up the argument that the Union Pacific was only a connecting road and really had no line in the San Francisco, but was dependent upon the Southern Pacific for such terms as it could make over the old Central Pacific's Portland Route was available and it would have been detrimental to the Southern Pacific to have declined an arrangement to carry the Union Pacific's business from Ogden to San Francisco.

"But this case is not to be decided upon the theory," he continued, "that the Southern Pacific system as operated between Ogden and San Francisco has been acquired. The purchase may be judged by what it in fact accomplished, and the natural and probable consequences of that which was done. Because it would have been lawful to gain by purchase or otherwise, an entrance into California over the old Central Pacific does not render it legal to acquire the entire system, largely engaged in interstate commerce in competition with the purchasing road."

Justice Day replied to the argument that a majority of the stock had not been purchased and therefore no control had been acquired. He quoted Mr. Harriman as saying that a compact, united ownership of 46 per cent of a big corporation was sufficient to control it.

**Fight Begun Four Years Ago.**

The government's fight against the Union Pacific merger began in 1868. In that year Attorney General Bonaparte filed in the United States circuit court for Utah a petition to split the transcontinental railroads brought together by Edward H. Harriman. This powerful combination was alleged to be in violation of the Sherman anti-trust law.

Harriman, Jacob H. Schiff, Otto H. Kahn, James Stillman, Henry H. Rogers, Henry C. Frick and William A. Clark were named by the government as the creators of the combination and the supporters of its existence. The allegations set forth in the petition stretched over the development of the entire nation and went far into the years of the past. Circuit Court Judges Sanborn, Van Devanter, Hook and Adams were called to pass on the suit.

The government's case was built largely around the purchase by the Union Pacific railroad company in 1891 and 1902 of 46 per cent of the stock of the Southern Pacific company referred to as ordinarily a controlling interest. The main line of the Union Pacific extended from Kansas City and Omaha to Ogden, Portland, Oregon, and thence, by steamers, San Francisco and the Orient. The Southern Pacific had a line by sea and land from New York to San Francisco and Portland by way of New Orleans, and owned the Central Pacific extending from the terminus of the Union Pacific at Ogden to San Francisco.

Weight was given by the majority of the court to the testimony for the railroads that the purchase was made not to throttle competition but to prevent the Union Pacific being bottled up at Ogden. It was said that Mr. Harriman acting for the Union Pacific, first tried to purchase from the Southern Pacific the old Central Pacific line, extending from Ogden to San Francisco. In this, he failed. Then he entered into negotiations with C. P. Huntington for the purchase of a large block of the Southern Pacific's stock. In that, too, he failed. After Mr. Huntington died, efforts were renewed. The Gould interests were said to have been a rival bidder. This time, Mr. Harriman was successful. The motive of the Union Pacific, it was insisted, was merely to have a friendly outlet to San Francisco.

**Were Strong Competitors.**

The government also complained that the two systems, the Union Pacific and the Southern Pacific, were competitors for business from Atlantic seaboard and interior points of the country on the one hand and between the Atlantic seaboard on the one hand and Colorado and Utah common points on the other; between Portland on the one hand and Utah, Colorado and Nevada common points on the other; between San Francisco on the one hand and Montana and Idaho common points on the other; between New York and interior common points on the one hand and the Orient on the other.

In each of these subordinate complaints, the majority of the court found that the business of each of the railroads to the respective areas in question constituted so small a percentage of their total traffic that it would not be taken as the basis for a substantial restraint on interstate commerce.

The test which the majority applied in the subordinate complaints and in the test determining whether the railroads were competitors was denounced by Judge Hook as probably allowing the Union Pacific to purchase lawfully all of the great parallel railroad systems of the United States.

Another complaint was addressed to the construction of the San Pedro Los Angeles & Salt Lake railroad company. Defendant Clark and his associates started to build a road to connect Los Angeles and Salt Lake City and so did the Union Pacific. Because of the alleged impracticability of constructing two lines through the canyon known as "Meadow Valley Wash," one road was built, the court found, each group of promoters taking one-half the stock. The entire court, nothing, violative of the Sherman anti-trust law in the Union Pacific's control of this road.

The government complained of the purchase by the Union Pacific of controlling stock in the Northern Pacific company. The court declared it was only necessary to say the Union Pacific had sold that stock.

Still another complaint was the purchase in 1904 by Defendants Harriman, Rogers, Stillman, Schiff, Kahn and William Rockefeller of \$30,000,000 in face value of the stock of the Atchison, Topeka and Santa Fe railway company and the investment in 1906 by the Union Pacific in 5 per cent of that stock. The court found no proof that any control was thus obtained over the rival Santa Fe.

Thus defeated in the circuit court the government brought the case to the supreme court. Attorney General Wickersham, Frank B. Kellogg and Cordenio A. Severance appeared for the government. A long list of attorneys headed by P. H. Dunne, of San Francisco, and N. H. Loomis, of Omaha, represented the defendants.

**Not Surprised at Decision.**

New York, Dec. 2.—Officials of the Harriman system manifested no surprise when informed of the supreme court decision today against the Union Pacific merger but declined to comment on its scope or general significance. The suit received the decision in the early afternoon, shortly after money had advanced to 16 per cent, the high rate of the day. Union Pacific fell 2 1/2 points to 169, and Southern Pacific fell 2 points to 168 3/4. Almost at the same time Union Pacific preferred stock up from 90 3/4 to 96 1/2 and Southern Pacific four per cent bonds were rushed up 6 1/2 points.

The rise in Union Pacific preferred was said to be based on belief that it would be likely to share equally with the common in any distribution or readjustment of securities entailed by today's decision. This was a debatable point however and Harriman representatives refused any information on the subject.

As for Southern Pacific bonds their rise was attributed to possible retirement at par and interest.

Southern Pacific owns all the common stock of the Central Pacific in consideration of which Southern Pacific issued an equal amount of the collateral 4's.

While the Harriman stocks were falling the balance of the list made one or two point declines, but the unsettledness was little more than temporary, most issues recovering the greater part of their loss before the close. United States steel was a conspicuous exception showing more heaviness than any other leader.

The manner in which the securities of the Union Pacific and Southern Pacific roads may be readjusted will call for a greater degree of legal skill than was entailed in the dissolution resulting from the northern securities decision. Union Pacific owns practically half, may be a little more, of Southern Pacific and the latter owns outright by stock ownership all of Central Pacific which is Union Pacific's link between Oregon and the coast. Bankers in the Harriman properties and other financiers affiliated with important railroad systems were inclined to regard the supreme court's decree as curities decision. These same interests point to the Standard Oil and American Tobacco cases, however, as indicating that "segregation" of the Harriman lines need work no harm to holders of the securities involved.

**MASQUERADED AS SECRET SERVICE MAN.**

Chicago, Dec. 2.—"Don't think evil of me if you see me in questionable resorts," said E. F. Budanaro, in an address to a church meeting of negroes here today. "It is my duty as a secret service officer to visit these places so if you see me there don't be surprised."

Budanaro is a sleeping car porter. He was arrested today charged with pretending to be a secret service officer and obtaining money from negroes. Budanaro, as a member of the secret service, had obtained a membership in the Appamattox club, Chicago's fashionable negro social club.

**LIGHTNING STRIKES MOURNERS.**

Johannesburg, North Africa, Dec. 2.—Lightning struck down seventeen mourners while they were standing at a grave side in Germiston in Rhodesia today. One of them was killed and five others were so severely injured that their lives are despaired of.

**XMAS ON THE WAY.**

Nineteen more shopping days and then Santa Claus.

**GOVERNMENT RESTS IN DYNAMITE CASE**

PRESENTED EVIDENCE WITH FIVE HUNDRED AND FORTY NINE WITNESSES

Four of Defendants Are Dismissed on Motion of the Government—President Ryan of Bridge Workers Makes General Denial of Charges.

INDIANAPOLIS, DEC. 3.—Arguments that those who already have confessed alone caused the illegal transportation of explosives on passenger trains to blow up non-union iron and steel jobs was followed in the examination at the "dynamite conspiracy" trial today of Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers.

Hockin Resigns From Office.

After the testimony of its 549th witness the government closed its case and on its own motion had four of the forty-five defendants dismissed on the ground that the charges against them were not sustained.

Before taking the stand as the first witness for the defense, Mr. Ryan, announced the resignation of Herbert S. Hockin as secretary-treasurer of the union. Hockin, defendant, was sitting in court in custody of bailiffs, having been ordered to secure increased bonds ordered by the court nine days ago, after witnesses described him as a spy who had helped the McNamara's organize the "dynamiting crew," and then had given information to the government and to detectives after quarrels with the confessed dynamiters.

Mr. Ryan said Hockin's resignation was voluntary. J. E. McClory of Cleveland, succeeded Hockin.

**Ryan Denies Charges.**

Mr. Ryan testified that neither he nor the executive board members knew of any money having been expended by McNamara for dynamiting purposes. All the letters written by him to business agents in various cities which the government charges contained veiled instructions about jobs to be blown up, Ryan said, simply referred to work upon which others upon which contractors desired to put non-union men. He denied that he ever talked with Orrie E. McManigal about dynamiting, or told him to change his appearance often so he would not be recognized; that he never had visited a vault in the iron workers headquarters in Indianapolis where the nitro-glycerine and dynamite had been kept and he never had proposed as charged that J. J. McNamara, then secretary of the union take Hockin's place as head of the "dynamite crew." He denied he had urged violence in the union's strike called seven years ago and which is still on. He also denied that he had told Edward Clark, the confessed dynamiter about blowing up a job in Cincinnati.

**PRICES FOR STEERS BREAKS RECORD**

Chicago, Dec. 2.—The highest price ever paid for steers in the open market was reached today when ten Angus yearlings for the eastern trade were bought in at \$12. The highest previous price was \$11.05, on October 23rd.

**RANSDELL FUNERAL HELD.**

Indianapolis, Ind., Dec. 2.—Funeral services for Daniel M. Ransdell, sergeant-at-arms of the United States senate, were held at the home of Arthur B. Grover, a friend of the family here, and burial was in Crown Hill cemetery this afternoon.

## GIVEN MONEY TO KILL BILL IN LEGISLATURE

### AGENT OF HARVESTER COMPANY SAYS HE SPENT \$500 IN 1903

Bill Would Have Authorized the Manufacture of Binding Twine in South Dakota State Penitentiary—Gave Money to Warden of the Prison.

ST. LOUIS, MO., DEC. 2.—That as agent of the International Harvester company he spent \$300 or \$500 in 1903 to kill a bill pending in the South Dakota legislature, which would have authorized the manufacture of binding twine in the state penitentiary, was testified to today by Michael H. Lamb, of Mission, Texas, at the opening session of the St. Louis hearing in the government's suit to dissolve the International Harvester company. Testimony was taken before special Examiner Robert Taylor of Duluth.

Lamb, who formerly was a general agent of the McCormick Harvester company, and later of the International testified that when the bill came up he consulted John Bowler, former warden of the penitentiary and being told it would take money to defeat the bill, he wrote to Harry L. Daniels, general manager of the International.

"A few days later I received a package of new \$20 bills, with instructions to turn the money over to Bowler," Lamb declared. He explained he thought the money was a contribution, not a bribe.

He also paid \$50, or \$100 to a reporter to write an editorial against the twine bill. Lamb further testified. The witness narrated a conversation with Harold F. McCormick in Chicago in January in 1903, in which Mr. McCormick complimented him for his loyalty in the past to the McCormick company, but told him that hereafter he was to push the other make of binders that were controlled by the International Harvester company with the same spirit as he had shown in handling the McCormick make.

Although not subpoenaed as a witness, John H. Bowler, former warden of the South Dakota penitentiary, appeared today in the room during the hearing. "To protect his interests," he said. He admitted having received \$300 from Lamb but said that the money with \$50 received from the Retail Implement Dealers' association, was expended in paying the expenses of the association's executive committee of which he said he was a member. Government counsel said he would not be put on the stand for the government.

**CHARLES P. TAFT LEADS ALL CONTRIBUTORS TO CAMPAIGN FUND**

President's Brother Gave \$150.00 to Republican Campaign Expense Fund — Total Contributions Totaled \$904,828.

Washington, Dec. 2.—Charles P. Taft, of Cincinnati, brother of the president, led the contributors to the Republican campaign fund with \$150,000, according to the final statement of the Republican national committee filed with the clerk of the house today.

The total contributions reached \$904,828. The expenditures were \$900,363 for speakers, salaries, advertising, rent and other purposes, including \$75,000 to the American Association of Foreign Newspapers.

In the list of individual contributions were items of \$50,000 from Francis L. Leland, of New York; \$25,000 each from the J. P. Morgan company, and Andrew Carnegie, while the Yale Taft club, class of '78 in New Jersey, contributed \$14,725, and Harry B. Rosengarten, Philadelphia, \$15,500.

Of President Taft's cabinet, Secretary of the Navy Meyer contributed \$2,500 and Secretary Knox, Attorney General Wickersham and Postmaster Hitchcock \$1,000 each. Among ambassadors, Larr Anderson, ambassador to Tokio, contributed \$10,000; R. C. Kerens, at Vienna, \$5,000; Myron T. Herrick, ambassador to France and T. J. O'Brien to Italy, \$1,000.

There were \$10,000 lump contributions each from William Nelson Cromwell, Drexel and company, the Union League club of Philadelphia, J. B. Lord, New York and Edwin S. and Charles W. Barkness of New York.

Assistant Secretary of State Huntington Wilson contributed \$5,000; Senators Root, Wetmore and Crane gave \$2,500 each. Among those who contributed \$1,000 each were five women: Mrs. Larz Anderson, Mrs. M. M. Emery, Cincinnati, Mrs. Charles D. Norton, Mrs. Russell Sage, and Mrs. Whitelaw Reid, New York.

**TESTIFY AGAINST FITZGERALD.**

Chicago, Dec. 2.—Evidence purporting to show that George W. Fitzgerald, accused of embezzling \$173,000 in 1907 from the United States sub-treasury here where he was a teller, deposited \$37,000 in cash and checks in a local bank was introduced by the government today. The prosecution still has four or five witnesses to call.

## SENATE AND HOUSE READY FOR WORK

### AWAIT WITH INTEREST MESSAGE DUE FROM PRESIDENT

Noisy Welcome is Given to Speaker Clark, Uncle Joe Cannon and Other Well Known Political Figures—Both Houses Adjourn After Organization.

WASHINGTON, Dec. 2.—The senate and house settled down to work for the high pressure session that is to end the sixty-second congress.

Speaker Champ Clark, wearing his emblem of order with ever increasing force, succeeded in breaking two valuable gavel before he had brought the enthusiastic house through an hour and ten minutes of business. The sessions in both houses served to complete the preliminary work of organization and left congress ready for legislative business tomorrow.

The senate depressed by the recent death of Vice-President Sherman and Senators Rayner and Heyburn, was in session but 22 minutes. Both houses adjourned as soon as the preliminaries of organization were concluded out of respect for members and officers who had died since the adjournment in August.

President Taft's message will come to both houses tomorrow. The senate will meet at 11 o'clock, an hour before the customary time, so that the message may be received and read before proceedings are begun in the court of impeachment which is to try Judge Robert W. Archbald of the commerce court.

**Prominent Men Applauded.**

Boisterous enthusiasm greeted the return to the house of Speaker Clark, former speaker Cannon and other members, whose names have long been associated with the important affairs of that body.

The roll call in the house was by states and as the roll proceeded the members cheered and applauded the names of the more prominent members.

Former Speaker Cannon was given a rousing greeting when his name was reached. Democrats and Republicans, who had joined in the applause for Speaker Clark when he entered the chamber at noon, jumped to their feet and joined in the cheering. Four governors-elect who will go from the house of representatives to their respective state capitals, also were vigorously cheered as the roll call proceeded. They were Representatives Sulzer, New York; Cox, Ohio; Robinson, Arkansas and Hanna, North Dakota.

No business was transacted by the senate, but a number of bills and resolutions were introduced in the house. A joint committee was named by the two houses to notify President Taft that congress was ready to receive his communication. Senator Bacon, presiding officer of the senate, appointed Senator Cullom and Martin and Speaker Clark named Representatives Underwood of Alabama, Major of Illinois, and Johnson of Kentucky.

**Gallinger May Be Senate President.**

Senate Republicans had an informal conference during the day in an effort to solve the tangle which has prevented the selection of a permanent presiding officer of the senate. It is expected that a Republican caucus will be held before the end of the week and that an effort will be made to secure enough support from Progressive and Insurgent Republican senators to bring about the election of Senator Gallinger.

The house will convene at noon tomorrow. Roll call in the two houses today showed 66 senators present out of a membership of 93, and 275 representatives out of a membership of 391. There are three vacancies in each branch.

Senator Root gave the senate the formal notification of the death of Vice-President Sherman and resolutions were adopted conveying the senate's sympathy to the family of the late vice-president.

Senator Borah presented the notification of the death of his colleague, Senator Heyburn, and Senator Smith, of Maryland, that of Senator Rayner. A resolution of condolence was adopted.

**New Members Sworn In.**

Four new members were sworn in in the house. They were Louis L. Morgan of Louisiana, who succeeds the late Representative Wickliffe; Archibald C. Hart, who succeeds Representative Hughes of New Jersey, elected to the senate. George C. Scott, who succeeds the late Representative Hubbard of Iowa, and Edwin A. Merritt, who succeeds the late Representative George Malby from New York. The first public bill introduced in the house today was to pension former presidents of the United States and their widows. It was by Representative DeForest, of New York, and would provide for a former president, \$2,000 a month. A widow of a former president would be pensioned at the rate of \$1,000 a month during her widowhood. A minor child or children of a former president under the age of 21 years with both parents dead, would get \$250 a month.

Representative DeForest also introduced a resolution for a constitutional amendment to limit the tenure of the presidential office to one term of six years and another repealing the newspaper publicity section of the late postoffice appropriation bill.

Chicago, Dec. 2.—The board of appeals of the American Trading association will hold a meeting here tomorrow to dispose of a few cases. Announcements of findings will be made Wednesday.

## GREEKS MAY DELAY PEACE SETTLEMENT

### Think Beseiged Garrisons Should Have Been Made to Surrender

ARE JEALOUS OF BULGARS

Affirm That Without Greek Naval Assistance Allies Could Not Have Been Successful.

MAY DELAY ARMISTICE DAYS

LONDON, DEC. 2.—The imperial German chancellor's statement on the European situation, together with that of Herr Von Kiderlin-Waechter, the German foreign secretary, confirming that Great Britain and Germany are co-operating amicably in favor of peace; is regarded in the European capitals as reassuring and as calculated to have an effect when the peace delegates come to discuss terms.

Dr. Von Bethmann-Hollweg's declaration of the solidarity of the triple alliance which is reported has just been renewed for another term of years and his announcement of Germany's determination to pursue a policy upholding Turkey in an economic sense is likely the delegates of all the countries concerned to discuss peace conditions in the spirit of moderation already shown in the armistice negotiations.

Although there is no change in the actual situation tonight some misgiving is beginning to be expressed with regard to the attitude of Greece. Various reasons are assigned for Greek reluctance to sign the armistice. According to Greek minister, at Paris, Greece opposes the proposal that the besieged garrisons shall be provisioned during the armistice and thinks that the allies ought to have insisted upon their surrender.

There is no doubt that jealousy exists between Greece and Bulgaria. Greece asserts that the Greek fleet played an important role in the war, especially in preventing Turkey from moving her troops by sea, and that without her naval assistance the allies could not have achieved such a brilliant success. The race between the Greeks and the Bulgars for the occupation of Saloniki and the incidents which followed this, increased the ill-feeling, and now the Greeks consider that their interests are being sacrificed in the peace negotiations.

It is expected the armistice protocol will be signed tomorrow, but it is possible that this may be still further delayed.

**Meet at Baghtche.**

Sofia, Dec. 2.—The plenipotentiaries held a meeting at 3 o'clock this afternoon at Baghtche, but is considered doubtful whether any definite conclusion regarding the armistice will be reached before Tuesday night or Wednesday. The important points of the armistice have already been settled, such as the retention by the respective armies of the positions they now occupy.

The question of Bulgarians using the Adrianople railway, it is asserted, probably will be dropped, as will also the Turkish counter-demand for permission to send food to the garrison there.

This is regarded as utterly impossible. The Adrianople railroad is now less indispensable to Bulgaria, because great supplies of wheat have been discovered at Deddagatche with a mill capacity of many tons of flour daily, which can be sent by railway direct to the troops at Tchatalja.

The third clause of the protocol relating to the blockade of ports on the Black Sea and Aegean Sea is not considered vitally important and probably will give rise to no contention.

If any further delay occurs in the completion of the armistice it is felt here that the blame will rest with the Greeks who for some inscrutable reason wish to continue the war. Bulgaria, Serbia and Montenegro favor peace. Turkey also is believed to be actuated by the same desire.

King Ferdinand, accompanied by the minister of finance, has left Sofia for Tchatalja, and this is regarded as a positive indication that an armistice is at the point of completion.

#### SHOULD CALL FOR WARRANTS.

At a regular meeting of the board of education Monday evening the calling for warrants was made the subject of quite a little informal discussion. Some of the members were complaining of the fact that after warrants had been drawn for approved bills, some people neglect to call for them with the result that at the next meeting a bill for the same thing is presented and in some instances another warrant is issued, which was the cause of no little inconvenience.

## WOMAN'S COLLEGE MUST HAVE ENDOWMENT

NO BLUFF BEHIND THE PRES-  
ENT CAMPAIGN FOR FUNDS.

Failure of Effort to Raise Required Sum Will Mean That Institution Will Get on Down Grade—Loss of Standing and Students the Sure Result—Dr. Harker and Dr. Hancher Make Clear Statements.

The fund thus far raised for the Woman's college is just about \$28,000 and by all means the half way mark should be reached today. If the \$30,000 mark is reached the fact will be made known by the blowing of whistles and ringing of bells.

At the noonday luncheon Monday President Harker emphasized the fact that the college does face a crisis. He confessed that he was somewhat disturbed by the unwillingness he found among some merchants to believe this. He said that many persons seemed to think that the college simply needed money for new equipment or buildings and that the statement about standardization and endowment merely furnished an excuse or material for a campaign for funds. The fact is that the college must have the money or slip back into the preparatory or academic class of educational institutions. This would be fatal to the growth of the institution. It doubtless would continue but instead of growth there would be decrease and a decline and the number of pupils would become fewer year by year. If the college is to grow it must be kept a college and to remain a college absolutely requires \$180,000 by June 4, 1913. This is a fact. It is not fiction. It is the truth and there is not one word of "bluff" about the statement. Jacksonville people must get under and behind the movement if the college is to continue to prosper.

Statement From Dr. Hancher.  
To further make this point clear Dr. Hancher yesterday issued the following statement to the city press:

In furthering the interests of the Woman's College Campaign, we meet frequently, a negative note as follows:

"The claim that 'this is a crisis in the history of the Woman's College' is unwarranted. Nobody believes it. We know it can't be true. You can't defeat Harker. He will bring it through. You're bluffing now."

Much as I dislike to appear personally in the prints, it occurs to me that I must speak to the people of Jacksonville from the standpoint of the National Education Association, the University Senate, and the Board of Education, whose official representative I am in this Forward Movement.

Standardization is required by all these organizations as a matter of protection to colleges that are now standard or that shall become standard. It is the development of years of patient effort and careful study. Standardization is as certain to endure as are the associations themselves. Whether Illinois Women's College will be a standard college depends upon the issue of this Forward Movement.

It must have the required number of volumes in the library; the required apparatus in the laboratories; the required number of full professors who college work only, and at least \$100,000 endowment assured by the 4th of June next. What is true of this college, is true of all colleges. Those and only those that meet these requirements will be standard. Let the Woman's College fall in this movement and what? Won't we still have a school? Of course; but you will not have a college. Young women will not consent to take their degrees at an institution that has not a standing through the educational world, nor will their parents consent to have them do so. You will have a school despite the issue of this campaign, but it will be a second grade or third grade school instead of a first grade one of dwindling numbers. It will have passed its noontide and be on the slope of its sunset.

On the other hand, raise this fund of \$180,000 asked in the present Forward Movement, continue the Woman's College as a standard college, get the benefit of the advertising of the Woman's College to Jacksonville that will come with the successful issue of the movement and what follows? Jacksonville will then have acquired herself with credit and will command the confidence of the entire constituency of the Woman's College. Men and women of means will contribute generously and the college will continue to grow until like the great colleges of the East, it will have a thousand or two hundred students with ample buildings and equipment to accommodate them and will be issuing notice that it considers itself large enough and that henceforth it must intensify its work rather than increase its numbers. This result is easily possible within ten years if Jacksonville seizes its opportunity now and responds readily and cheerfully to the courteous requests of the Jacksonville committee. It is a great opportunity that confronts this city today. The city makes or loses its standard college with its decision for or against the undertaking of its campaign committee to raise \$60,000.

I have no personal interest in the matter. I speak on behalf of the authorities in educational standards throughout the country. Again, I have every personal interest in the matter because I believe absolutely in the growing value of standard education as a feature in the triumphal march of democratic government as expressed through the American republic.

Very respectfully,  
John W. Hancher,  
Counselor.

## WILSON HEARS TARIFF DISCUSSION IN BERMUDA HOUSE OF PARLIAMENT

Declares Yearly Revision of the American Tariff Schedules Such as is Made in Bermuda Would be Impracticable.

Hamilton, Bermuda, Dec. 2.—Woodrow Wilson heard today the first tariff discussion since his election as president of the United States. He visited the Bermuda parliament where he was loudly cheered and sat among the members for three hours listening to the debate on the vegetable schedules and observing the methods of budget legislation.

In reply to the welcome extended by the speaker, Mr. Wilson said: "I have been interested in the debate, thinking that if we every year went through the items of expenditure and revenue for twelve months there would be a continuous performance which would excel anything the theatres could ever produce. But the idea is an admirable one, because it affords the house a constant opportunity to review the changing circumstances of the colony. I have admired the business-like manner of getting through the estimates."

While walking from government house, Mr. Wilson said he thought that a yearly revision of the American tariff schedules such as was made in Bermuda would be impracticable. It would be impossible to discuss the estimates and revenue simultaneously, but he wished that the United States would adopt some budget scheme.

The president-elect was a principal in a "first aid" case this morning. He rescued a honeymoon couple who fell from their bicycles in front of his house. The bride was slightly injured and one of Mr. Wilson's daughters assisted in bathing her wounds.

### WILL CONTEST ELECTION

RESULT  
Detroit, Mich., Dec. 2.—According to the secretary of state, Congressman J. M. C. Smith, Republican, of the third district was elected by a majority of 127 votes over Claude S. Carney, Democrat. Until the returns were compiled in the secretary's office it was generally thought that Carney had been elected. It is said that Carney will contest.

### DECLARES NATIONAL PACKING CO. MERELY "SHADOW" CORPORATION

Says Company is Used as a Cloak for the Weekly Meetings of the Larger Companies to Fix Prices and Control Trade.

St. Louis, Dec. 2.—Charles G. Revelle, assistant attorney general of Missouri, arguing today before Special Commissioner Daniel Dillon in the suit to oust from the state the St. Louis Dressed Beef and Provision company and the Hammond Packing company, of St. Joseph, declared that the National Packing company, of which the two smaller concerns were a part, was merely a "shadow" corporation and a cloak for the weekly meetings in Chicago of the Armour, Swift and Morris interests to fix prices and control trade.

In the opening argument for the packers, attorney Ralph Crews of Chicago declared the fact that fresh meat was extremely perishable must be remembered in any consideration of the charge that the amount of meat to be shipped to any certain locality was controlled by the so-called "pool" in Chicago. The meat, he said, was only chilled in a temperature of about 40 degrees F., but was not frozen as that would cause it to deteriorate. It was not practicable he said to carry stock in the branch houses of the concerns longer than a week.

### KILBANE TO FIGHT DUNDEE.

Los Angeles, Dec. 2.—Johnny Kilbane of Cleveland, world's featherweight champion, will defend his title at Vernon against Johnny Dundee of New York either February 22d or March 17th next, according to a message received today from the champion's manager.

### DUNNE FAVORS TWO PUBLIC UTILITY COMMISSIONS IN ILLINOIS

Declares Himself in Favor of One Commission For Chicago and One For the Rest of the State.

Chicago, Dec. 2.—Governor-elect Edward F. Dunne of Illinois here today declared himself in favor of two public utility commissions in Illinois, one for Chicago and the other for the rest of the state.

Whether there should be one commission for the entire state, or a separate body to handle Chicago concerns, is one of the chief problems before the Illinois legislative commission on public utilities.

"I have made up my mind that two commissions would be preferable to one," Mr. Dunne said. "The New York plan of having two commissions, one for the metropolis and another for smaller cities, seems to me to be logical."

Control of public utilities will be brought about during Mr. Dunne's inaugural message.

Governor Thomas R. Marshall of Indiana, vice-president-elect, will dine at the Hamilton club Saturday. The governor will be the guest of alumni of Wabash college.

INSURANCE CONGRESS MEETS.

Columbus, O., Dec. 2.—The National congress of the American insurance union met here today and authorized several changes in the policies of the organization, nine states were represented and it was announced that Illinois will be a new state to be represented in the next congress.

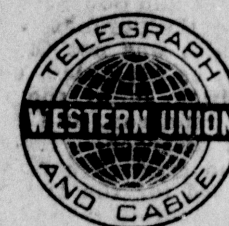

Reports showed that the organization has 28,000 members and approximately \$30,000,000 insurance in force.

### A Record Breaker on English Walnuts

Less than four weeks ago we received only a portion of our order. Owing to the scarcity and demand for "THE ROBERTS QUALITY" Nuts only 60 per cent of all orders were shipped. Our allotment was SIX 100-LB. BAGS. We have cleaned up this first purchase and although we were compelled to pay a slight advance on the purchase just received, the HIGH QUALITY REMAINS THE SAME. In quantities of 5 lbs. the price too will be unchanged, \$1.25, and for lesser quantities the price is only 30c a lb. Remember that these nuts are our own special stock, the most carefully selected and finest cracking of the world's crop. All of our walnuts were selected on a percentage basis for good cracking quality and the light color of the meat. These nuts are positively of the finest quality and we invited comparisons.

**MR. CHUBBUCK MAY COME SOON.**  
Acting under direction of the city council Mayor Davis yesterday tried to communicate with H. E. Chubbuck chief executive officer of the Illinois Traction System relative to making an appointment for a conference here. It was learned from Peoria that Mr. Chubbuck with an Eastern or Canadian director of the Traction company is now inspecting the company's various properties. Monday they were in Wichita, Kan., and they are to get to St. Louis Wednesday. It is likely that they will visit Jacksonville before many days on their inspection tour and on that day the conference between the council and Mr. Chubbuck will take place.

**ELKS HOLD SERVICE.**  
Lodge Holds Memory of Dead in Impressive Rites.

Jacksonville Lodge No. 682, B. P. O. E. held their annual memorial services in their hall Sunday evening which was largely attended. The hall was appropriately decorated for the occasion with beautiful roses and potted plants.

After the usual opening exercises of the lodge the audience sang "The Vacant Chair" and the invocation was given by Rev. F. S. Hayden.

"Angels Ever Bright and Fair" was sung by Mrs. Pierson Hartman, head of the voice department of the Women's college. A high tribute of respect was paid to the deceased members by Prof. Robert Tilton, who spoke on "Our Absent Brothers."

Only one member has died during the past year, Brock Mayfield, and the speaker paid a fitting mark of respect to his memory. The audience then listened to a splendid trio "Lift Thine Eyes" Mendelssohn, by Miss Beebe, Mrs. Hartman and Miss Louise Miller.

Dr. F. S. Hayden gave the principal address of the evening, taking for his subject "Life in Two Worlds." Dr. Hayden pointed out the great importance of so living that man was fitted for a life hereafter with God, his maker. He laid particular emphasis, upon the fact, however, that a great many people make a mistake, by looking forward so much to a future world, that they forget that they have an existence in this world and that they have a wonderful life to lead here. The speaker, in his beautiful characteristic manner told of how men and women should live so that the life here grew into the life to come, and not let the affairs of the day, which are innumerable, come in and choke out the spark of spirituality. It is through Christ that it is all made possible and the goal is obtained. The Elks closing services were used.

**AFTER 45 YEARS ABSENCE.**  
John A. C. Waller of Minneapolis, Minn., is a visitor at the home of his cousin, Capt. J. W. Waller. This is the first time Mr. Waller has visited Jacksonville in forty-five years and naturally he witnessed many changes. His father was the late George B. Waller, the family formerly residing in Franklin, Ill. Mr. Waller was in Jacksonville for a number of years, when he was clerk for William M. Frye, who was Provost Marshall. Mr. Waller recalled the big cannon that used to be in Central park. He said that when news reached Jacksonville that General Lee had surrendered some of the boys loaded up the old cannon with paper and powder. They pointed it toward the east and the end of paper was shot out with such force that it cleared a shelf in the Hockenbush drug store. Mr. Waller also sadly recalled the news of the death of Lincoln and how crepe was extended around the entire square and the gloom that was cast over the entire country when the news came. Mr. Waller is not actively engaged in business now. He suffered the loss of his wife last spring and is now visiting several places renewing old acquaintances and friends. He expects to visit in Waverly and also in Springfield.

## MANY GOVERNORS TO CONFER WITH PRESIDENT TAFT SATURDAY

Agricultural Credit System to be Special Matter for Consideration—Ambassador Herrick Will Tell of the Plans in Europe.

Washington, Dec. 2.—More than twenty governors have accepted President Taft's invitation to confer next Saturday at the white house, on the subjects of agricultural credit systems and farmers' cooperative banks. The conference will be held here following the gathering of the governors in Richmond, Va., and President Taft desired to take advantage of the presence in the east of many state executives of the west believed to be particularly interested in the proposed farmers' banks.

The president probably will make an address to the governors. Myron T. Herrick, ambassador to France, who investigated similar systems abroad and Senator Fletcher of Florida, president of the Southern Commercial congress, will be present.

## PRaises WORK OF COLLEGE.

## GIRL LEGALLY DEAD FOR 17 YEARS RESTORED TO LIFE BY COURT

Returns to Boston After Many Years and Claims Her Share in Relatives Estate Long Since Supposed to Have Been Settled.

Boston, Dec. 2.—Miss Mabel E. Allen, of Brooklyn, who has been legally dead for more than 17 years, was restored to life by the law in the probate court today and incidentally came into some property.

In 1895 when the courts attempted to divide the award of the French spoliation claims allowed to the descendants of Jonathan Merry, an old time Boston merchant, relatives of Miss Allen declared she had not been seen since the world's fair at Chicago, where she was in the last stages of consumption. The woman was accordingly declared legally dead.

Miss Allen later accidentally learned of the situation and sought her share of the award. Today the decree of 1895 was revoked and she will get about \$2,000.

## CUSTER SCOUT DEAD.

Worcester, Mass., Dec. 2.—Harold Wilds Powell, or "Montana Harry," as he was better known throughout the country, believed to be the last surviving scout who was with Custer at the Battle of the Little Big Horn, fell dead in a hotel here today.

## WOULD NEUTRALIZE PHILIPPINES.

Washington, Dec. 2.—Representative Burgess of Texas today re-introduced a joint resolution authorizing the president to consider the expediency of effecting a treaty with Europe for the neutralization of the Philippines and to protect an independent government there when established.

## CONFIRMS COURT'S JUDGMENT.

Rome, Dec. 2.—The court of cassation which has had under consideration the 15 returns for the annulment of sentence in the case of the Comarro recently convicted of the murder of Cuocolo and his wife, has rejected all of them. Thus the judgment of the trial court has been confirmed.

## EXPECT TO EXPOSE LARGEST BAND OF THIEVES EVER ORGANIZED

Chicago, Dec. 2.—Indictments and arrests of more than score of persons in Chicago and the middle west are expected soon to follow the arrest of Dr. Nicholas H. Kern, Dr. Edward B. Stalhutte and two alleged accomplices, accused of being members of the largest band of thieves ever organized in this section of the country. It developed today that every railroad entering Chicago has been the victim of systematic thefts of valuables from freight cars. At least one large department in Chicago and many smaller merchants and commission men are expected to be pulled into the case as receivers or purchasers of the stolen goods innocently or otherwise. Twelve men in Chicago are under surveillance and operatives in St. Louis, Mo., East St. Louis, Ill., Cincinnati, Detroit, Sioux City, Iowa, Memphis, Pittsburg, and other cities have at least fifty more persons under watch who may be arrested at any moment, according to investigators for the railroads.

## CHURCH FEDERATION MEETS.

Chicago, Dec. 2.—State conferences were held here today precedent to the opening Wednesday of the second quadriennial conference of the federal council of the church of Christ in American representing 32 denominations.

Thirty denominational seminaries will be represented in a conference tomorrow for the purpose of planning co-ordination of college and seminary curriculums in harmony with vital Christian tenets. Three hundred delegates representing 150,000 churches are expected to take part in the council, the denominations of which are confined to moral and civic activities, which all Christian church have in common apart from questions of creed.

## JUROR DIES OF APOPLEXY.

Wytheville, Va., Dec. 2.—During the trial here today of Sidna Allen, leader of the Hillsville gunner W. C. Seibert, of Luray, Va., who had been accepted as a juror, but later excused because of illness, dropped dead at the depot from apoplexy just as he was about to board a train to return home.

When court adjourned for the day the jury box had been filled, the opening statements of counsel had been made and all is in readiness for the evidence for the state tomorrow in Allen's second trial. This time he is charged with the murder of Attorney Foster. His former trial for the murder of Judge Massie resulted in a verdict of murder in the second degree and a sentence of 15 years.

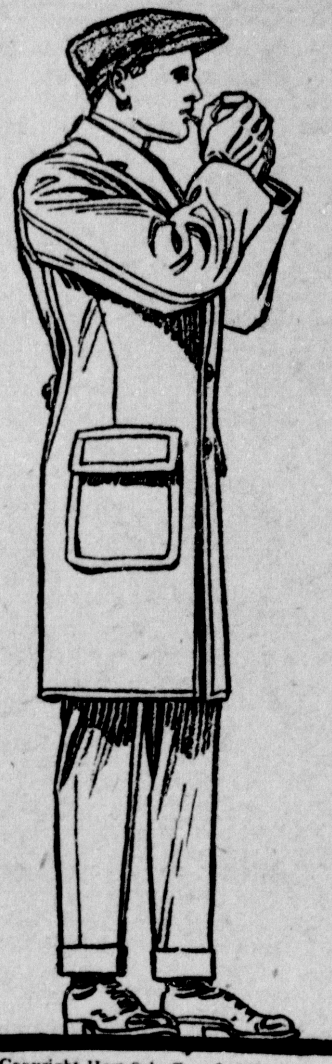

## GROU FAVORS PICTURES ILLUSTRATING LECTURE

Chicago, Dec. 2.—Farmers' institutes may not be so perfunctory if the suggestion of A. P. Grout, of Winchester, Ill., president of the Illinois state farmers' institute, which met here tonight is adopted. He would have stereopticon slides used to illustrate their points. He believes the slides would add greatly to the interest to the gatherings.

About 200 meetings have been held this year by the organization and 150 more are scheduled.

## MORE ROBBERIES IN CHICAGO.

Chicago, Dec. 2.—Two more robberies of houses by gangs in automobiles and several highway robberies of pedestrians who were stopped by men who leaped from motor cars took place tonight. Chicago police have been waging an uphill fight against this form of crime which continues in spite of a number of arrests. It is thought that the highwaymen obtained employment as chauffeurs for taxi-cab companies or private persons and use their cars to commit the robberies.

### CENTENARY CHURCH TO GIVE SPECIAL AID

Committee Named to Co-Operate  
With Other Workers or Illinois  
Woman's College Campaign.

Centenary church will make an organized effort to aid in the present campaign for Illinois Woman's college. Last night at a meeting of the official board a special committee was appointed to confer with the general committee and to see what can be done to help. The committee will report back at an adjourned meeting to be held Thursday night.

The resolution providing this action was in the following language: Resolved, That it be the expressed sense of this official board that Centenary church make an organized effort on behalf of the Illinois Woman's college forward movement and that Dr. F. A. McCarty, Homer Roland and J. W. Taylor be appointed a committee to confer with the college local board as to how to conserve these interests and report back to an adjourned meeting on Thursday night of this week for final action.

#### FRANK BYRNS' HAT STORE.

The oldest reliable fur and hat store in Central Illinois has attained supremacy in this locality through the fact that in 1835 the foundation was laid on the right principles and has been kept right since, at the price of constant and undivided attention to the demands of customers. The increased number of patrons each season proves this fact. This store has built a large fur and hat business by delivering better qualities and better styles for the same money than its competitors. Ladies interested in furs should see the large assortment we are carrying, made by exclusive, experienced furriers.

### STATE NEWS.

**Tuscola Man Dead.**—William G. Maguire, aged 99 years, father of twenty-three children and thrice married is dead. He was Tuscola's oldest resident.

**Baby Never Cried.**—Marvin Hurley, 5½ months old, weighing 35 pounds, champion heavyweight of babyland for his age in Chicago, has a record of never having cried.

**Decease Appoints Three.**—Three appointments were announced by Gov. Decease. One was of Joseph H. Freeman, of Aurora, formerly superintendent of the School for the Blind, who succeeds himself as a member of the Illinois Library Extension commission. Mrs. Eugenia M. Bacon, of Decatur, was named also to succeed herself on the same commission. The governor appointed Curtis Williams, of Mount Vernon, as public administrator of Jefferson county, to succeed the late B. A. Marshall.

**Shortage of Hogs.**—Hogs from Mississippi topped the East St. Louis market recently. They were Berkshires weighing an average of 264 pounds, shipped by W. J. Miller, of Corinth, Miss. The East St. Louis National Stock Yards gave out the statement a few days ago that there are not within forty per cent enough hogs received this year to supply the local packing houses, owing to the severe shortage of hogs in Missouri and Southern Illinois.

**Will Order Forty New Engines.**—The Chicago & Alton railroad management will place an order in a few days for the construction of forty new engines to cost in the neighborhood of half a million dollars. Of the forty engines twenty will be of the Mikado type, which have proved very successful, ten of the largest type switch engines and ten of the 430 class passenger engines. The new power will be ordered in December and are to be constructed within a period of six months.

**Navigation Closed.**—Assistant United States Army Engineer J. R. Fuller has issued orders for the closing of navigation on the Illinois river December 1. Ordinarily traffic runs on after this edict is issued, but repair work on the La Grange locks will make passage impossible this year.

**Bug in Ear.**—As a result of the medical inspection of pupils in the public schools of Canton a dead bug was found in the ear of a high school boy.

**Dr. Bonbright Dead.**—Dr. Daniel Bonbright, 85, oldest member in both age and service of the faculty of Northwestern university, is dead at Daytona, Fla.

**To Seek His Son.**—W. F. Rhoten has resigned his position with the Big Four railroad to search the United States for his little son whom he believes was kidnapped by his divorced wife.

**Horse Meat in Sausage.**—Hundreds of unsuspecting Chicagoans have been eating horse meat recently, according to investigators of the City Health Department. Assistant Health Commissioner Koehler announced he would ask for a warrant for the arrest of a North Side sausage manufacturer.

**Pastor to Leave Peoria.**—Disgusted with the turbulence of some of the members of the flock Rev. John Kimsey, of Bethany Baptist church, has resigned from the pulpit of the church and will go to Missouri, where he becomes district superintendent of missions for the northern part of the state. He will leave at once for his new field of endeavor.

**Former Governor at His Desk Again.**—Former Governor Yates is at his desk in the state insurance department for the first time since blood poisoning developed from a pin scratch on his right thigh. He was in bed more than two weeks.

**Short Courtship.**—Mrs. Margaret Jackson met James Falconer, a

gardener, when she went with her basket to the public market. They fell in love and were married.

**Given \$1 Verdict.**—Mrs. Ada R. Taylor recovered one dollar damages from A. J. Anderson after a week's trial of an assault case in circuit court. She sued for \$10,000. The case has been in court all week.

**Three Pawn Tickets and Two Cents.**—J. Edwin McAllister, 43 years old, of Atlanta, Ga., believed to have been despondent over financial difficulties and the separation from his wife and child, wrote two notes, one in the form of a prayer and then ended his life by turning on the gas in his room today at a south side Chicago hotel. When the man's belongings were searched, the police found three pawn tickets and two cents.

### SERIOUS ERROR IN JACKSONVILLE.

Jacksonville Citizens Will Do Well to Profit by the Following.

Many fatal cases of kidney disease have reached an incurable stage because the patient did not understand the symptoms. Even to day in Jacksonville there are many residents making the serious error. They attribute their mysterious aches and pains to overwork, or worry, perhaps, when all the time their rheumatic pains, backache and bladder irregularities are most probably due to weak and ailing kidneys. If you are ill, if your kidneys are out of order profit by this Jacksonville resident's experience.

Miss Mary Flynn, 330 Beesley avenue, Jacksonville, Ill., says: "Doan's Kidney Pills are a splendid remedy and act just as represented. I had sharp pains in the small of my back and also had backache which showed that my kidneys were unnatural. Since I used Doan's Kidney Pills, I have had none of these troubles."

For sale by all dealers. Price 50c.

Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

### FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville, for the construction of a sewer on South Main street.

Notice is hereby given to all persons interested, that the Board of Local Improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause, a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true, will be held in said court on the 19th day of December, A. D. 1912, at 9 o'clock or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Board of Local Improvements of the City of Jacksonville, Illinois, by E. M. Henderson, Secretary.

Dated, Jacksonville, Illinois, Dec. 2, 1912.

### QUICK RELIEF FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. Deitchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist, house.

### PASSAVANT HOSPITAL TAG DAY.

Saturday, Dec. 14th Decided on as the Day for Enterprise.

This year the management of the Passavant hospital tag day was consigned to P. Prof. J. G. Ames and that gentleman met the ministers of the city yesterday morning in their regular meeting at the Y. M. C. A. building and laid the whole matter before them and received a kindly response.

The matter of tag day should be fully understood. With all it can get the hospital has hard work to come out even at the end of the year and tries to do no more but puts directly into the work all that is taken in. In order more fully to carry out the Master's injunction to aid His little ones a special fund secured by the tag day efforts is sacredly set aside for the purpose of needy poor who are worthy. The actual cost of a patient at the institution is \$12 a week. When a patient is recommended by some accredited minister and member of the board he is received at the hospital free of all expense to himself. The physician or surgeon charges absolutely nothing and no one else gets anything and the hospital also contributes only taking \$7.00 a week from the tag fund for the patient.

In this way many a poor worthy person has had free treatment when it was a matter of life and death. The management of the hospital in general and Prof. Ames in particular especially desire a good number of ladies to assist in this work for nothing could be more worthy. It would be well if from all the churches 300 persons could be secured and then no single person would be overworked. It is desired to canvass the city and ask every one for something and at least \$1,000 should be secured.

Remember the day, Saturday, Dec. 14th. Be willing to spend a part or all of the day.

### California Woman Seriously Alarmed.

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were sore and inflamed. I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. For sale by all dealers.

### RUN OVER BY THE CARS.

Mrs. Ellen Swales and family are mourning the loss of their little pet poodle dog, "Foxie," who was run over and killed by the cars at the North Prairie street crossing Monday morning. "Foxie" will be greatly missed by the family and his many friends, as he was a general pet in the neighborhood. He was a highly prized member of the household for about seven years.

### WANT FEET THAT NEVER HURT YOU?

25 Cent Jar of EZO For the Feet Banishes All Misery.

George Umoltus, Latrobe, Pa., spent \$700 for foot remedies. Hadn't stood on his feet for years; one jar of EZO and he ran and jumped like a boy.

Pretty strong talk; but it's true, and if you suffer from tired, sore, weary, aching, burning feet or from Corns, Bunions or Callouses get a 25 cent jar of EZO for the feet.

It's a refined ointment and it doesn't banish all misery and make your feet feel strong and fine. Armstrong's Drug Store will gladly give you your money back. No fussing—just rub it on. Use it for rough skin and chaps; it's splendid. All druggists. Ask for EZO FOR THE FEET.

### FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville, for the construction of a brick pavement on East Court street.

Notice is hereby given to all persons interested, that the Board of Local Improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause, a certificate showing the cost of the work, the amount reserved for interest, and also that the im-

provement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true, will be held in said court on the 20th day of December, A. D. 1912, at 9 o'clock, or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Board of Local Improvements, City of Jacksonville, Illinois, by E. M. Henderson, Secretary.

Dated Jacksonville, Illinois, December 2, 1912.

"I suffered for about two years with gall stones. At times the pain was so intense that I had to have morphine. Kept getting worse, and through the advice of my father, I went to consult Dr. Carson, who said he thought there would be no trouble in dissolving them, which I am thankful to say that he has accomplished, as I have been picking corn and working hard on the farm for the last two months, and have had absolutely no pain."

Fred Hulka,

Geneseo, Ill.

### THE TEMPERATURE.

# DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

A CHILD'S LIBRARY  
Part 1.  
BOOKS FOR LITTLE  
CHILDREN.

The following list of books for children was compiled by Miss Lorena Webber, public librarian for the consideration of parents or others who are trying to build up children's libraries. Other lists are to appear and persons interested will find it of advantage to clip the lists for future reference.

Aesop. Fables selected and told anew by Joseph Jacobs. Macmillan, \$1.50.

There is an edition for little children with some of the beautifully decorative and most interesting pictures by Billingsham, pub. by Maynard, 30c.

Baby Days. Century. \$1.50. Songs and pictures for very little folks.

Brooks. Children's books. Warno. Each \$1.

Part 1. Three Little Pigs and Tom Thumb. Part 2. Golden Goose and Three Bears. Beautiful colored pictures to illustrate old nursery rhymes.

Burgess. Goops and How to Be Them. Stokes, \$1.50.

Rhymes and funny pictures of the naughty goops, pigmy, fibulus, urpny and others. Lessons in manners and morals for little people.

Caldecott. Picture books. Warner, each 50c.

No. 1. Diverging History of John Gilpin. Three Jovial Huntsmen. Elegy on the Death of a Mad Dog. No. 2. House That Jack Built. Sing a Song of Six-Pence. Collections of old stories with pictures in color by one of the most famous of children's illustrators. Little books that children will love.

Carroll. Alice's Adventures in Wonderland. Macmillan, 80c.

Attractive edition of this classic for children, having the illus. by Tenniel. An edition with the same illus. is published by the same firm, in their school library at 50c. Delightful nonsense for children and their elders.

Crane. Red Riding Hood's picture book. Lane, \$1.25.

A beautiful picture book in colors. May also be had in parts at 25c each. Crane, Caldecott & Greenaway are among the best illus. of children's books.

Field. Lullaby Land. Songs of Childhood. Scribner, \$1.50.

Another fine ed. of Field is Poems of Childhood illus. in color by Maxwell Parrish, published by Scribner at \$2.50. Some of Field's poems are in the Field reader, a little book for little people published by Scribner at 40c. Field and Stevenson are the children's favorite poets.

Greenaway. Under the Window. Pictures and rhymes for children. Warner, \$1.50. Delightful pictures of quaint little children.

Grover. Overall Boys. A first reader. Rand, 45c. Short stories for small people. Colored illustrations. Very good.

Holbrook. Hiawatha Primer. Houghton, 75c. Selections from Longfellow's Hiawatha with charming pictures.

Kingsley. Water Babies. told to the children by Amy Steedman. Dutton, 50c. A simplified edition for young children. One of the best things to read aloud to children from 8 to 10 years of age.

Mother Goose. Nursery rhymes selected by Louie Chisholm. Dutton, 75c. A pretty little book with colored illustrations.

Mother Goose. Illustrated by Mabel Chisholm. Dent, \$2.50.

Mother Goose. The book of nursery rhymes; ed. by Welsh. Heath 30c.

## WOMAN JUROR

BALKE HUSBAND  
The Chicago Tribune has the following from Eldorado, Kansas:

When Otis Boston, a photographer attempted to take a picture of a jury composed entirely of women in the county court here last night, his wife who was on the jury promptly left the box.

She was followed by one of the other women and the two protesting jurors refused to return until they were assured by the court that no picture would be taken.

Mrs. Boston does not believe that women should serve as jurors, but her husband favors the innovation.

## THE BOARD OF EDUCATION.

## A Brief Meeting With Little of Special Importance.

The board of education met last evening in regular session with all members present; Mayor Davis in the chair. The minutes of the last regular and subsequent called meetings were read and approved.

Member Bavington said he had called on the various banks relative to cashing warrants and had been informed that each bank would take care of its own customers. Mayor Davis said that would answer every purpose and as most of the teachers had bank accounts.

Member Badger said the architect was working away on the plans for the new building and would probably have them ready in about two weeks if all went well.

The senior class is preparing a play to be given by its own members and they had petitioned the board for the use of the high school auditorium for several afternoons after 3:30 o'clock and 8 o'clock evenings, the proceeds to go to the expense of the annual.

Member Badger moved the request be granted under conditions to be imposed by the board. He approved the idea of the evenings, but opposed the p. m. as that time should be occupied in study.

Supt. Furr said they would not want the place both afternoon and evening the same day.

Member Badger said the actors should be under the care of a class officer and some others as well.

Member Rogerson thought Prof. Carter and wife would be very desirable as chaperones.

Member Clampt suggested that it was a condition of a part in the play that all performers should be up to their studies. He said some might not be able to practice evenings and the class officer, Prof. Bate, might need help in seeing properly to the young people and it was important that some others should be there.

Mayor Davis said he had given the subject considerable study. In the place the board had made a rule that no one should be in the auditorium after 3:30 p. m. The auditorium needed the place then for cleaning purposes. He was very positive that some married persons should be on hand as chaperones during evening rehearsals. Member Clampt fully agreed to that.

Supt. Furr said the young people would not want the plays any more evenings in succession and if they were there in the afternoon the janitor still could sweep carefully and clean up.

The mayor said he had had considerable experience with amateurs and found that they accomplished but little until they had their parts committed and until that time they could meet at private houses to good advantage.

Member Rogerson said other pupils might stay also and witness the rehearsals.

Supt. Furr said that would not at all be permitted.

Member Clampt said he had an eye to the saving of lights as it would cost quite a good deal to light the place for evening practice.

Mayor Davis didn't think that would make much difference as he said his bills went right on no matter whether he used the lights at home or not.

Member Badger still claiming that it moved an amendment that the whole matter be left to the discretion of the principal of the high school. The amendment carried and the amended motion carried also.

Member Clampt read the notices regarding the cost of the Franklin street pavement and asked for an explanation, which was given.

An agent for a drinking fountain was present with a model of his machine and explained it at length to the board.

In brief it consists of an air chamber placed in a well; the water pumped into it and forced as desired into a drinking fountain located where desired. The children could drink from a stream bubbling up from the end of a small pipe so that contamination would be impossible and entire sanitation would be secured.

It was decided to have one placed on trial in the Franklin school building.

Officers reports were presented as follows:

END LIVER TROUBLE WITHOUT CALOMEL.

Untrustworthy Drug. Thought to Loosen the Teeth. Now Made Absolutely Unnecessary.

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but surest laxative known, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. Dr. Edwards has been calomel's uncompromising foe. His efforts to banish it brought out these little olive-oil coated tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does but have no bad after effects. They do not injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel at all, but to let the Olive Tablets take their place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" the clouded brain and how they "perk up" the spirits.

At 10c and 25c a box. Every little Olive Tablet has a movement all its own.

The Olive Tablet Company, Columbus, Ohio.

CATARRH IS  
IN THE BLOOD

A polluted and impure condition of the blood causes irritation and inflammation of the different mucous membranes of the body, and we call it Catarrh. The early stages of the disease are characterized by such symptoms as a tight, stuffy feeling in the nose, watery eyes, ringing noises in the ears, irritation of the throat, and often hoarseness and difficult breathing. If the trouble is not checked it invades the stomach and other portions of the body and becomes a dangerous disorder. Antiseptic washes, sprays, etc., are beneficial in removing accumulated mucus from the nose or throat, but such treatment can never cure Catarrh. S. S. S. is the one real dependable remedy for Catarrh. This great medicine cures the disease because it purifies the blood and thus destroys its cause. S. S. S. goes into the circulation and removes the last trace of catarrhal matter, and then the blood performs its work of nourishing the membranes and tissues instead of depositing impure matter into them to irritate and inflame. S. S. S. cures to stay cured. If you have Catarrh in any form take S. S. S. and cure it as thousands have done. Book on Catarrh and any medical advice free to all who write. S. S. S. is sold at drug stores.

A Staple Medicine  
For All Families

From Infancy to Old Age a Reliable Family Laxative is Most Needed—Try This One.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort. Mothers give it to tiny infants and little children, and grown people take it with equally good effect.

Thousands of good American homes are never without it, among them the homes of Mrs. Martha Wilber, Vandallia, Ill., and Mrs. F. Crushon, 1110 7th Ave., Rock Island, Ill., who say they would as soon be without the necessities as without Syrup Pepsin. It saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the family, however young or old, for it contains nothing injurious to

MRS. MARTHA WILBER.

the youngest person.

A bottle can be obtained at any nearby drug store for fifty cents or one dollar. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard pills, salts, cathartics and purgatives generally as they are too great a shock to any average system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 413 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

Money For  
\$10.00 to \$100.00

Now is the time to think what you are going to buy your family and friends for Christmas. If you find you are short of money we will loan you the amount needed on easy weekly or monthly installments, and allow you one month to six months to pay us back. Anything you have of value, furniture and pianos is good

GENERAL MARKET NEWS

DELIVERIES ON DECEMBER CONTRACT, WEIGH DOWN PRICE OF WHEAT

Close Shows Net Loss of 1/4 to 3/4 All Around—Wet Weather Delaying Husking and Shelling Enabled Corn to Rally When Wheat Began to Recover.

(By Associated Press.)

Chicago, Dec. 2.—Heavy deliveries here today on December contracts weighed down the price of wheat. The close, though steady, showed a net loss of 1/4 to 3/4 all around. Corn wound up unchanged to 3/4 net higher, and oats the same as Saturday night to an advance of 1/4 to 3/4. In provisions the outcome was a rise of 2 1/2 to 5 to 10 to 12 1/2.

Pit absorption of the wheat delivered turned out to be more of a burden than expected notwithstanding that the total, 2,100,000 bushels, did not greatly exceed what had been predicted. Re-selling for May kept the market unit for more than a scanty reaction. Peace talk improved Argentine harvesting and better outlook for the winter crop in the United States all counted against the bulls. May wheat, which ranged from 89 1/2 to 90 1/2, finished 1/4 to 3/4 off at 90 1/2.

Wet weather delaying husking and shelling enabled corn to rally when wheat began to recover. May ranged from 47 1/2 to 48 1/2, closing firm at 48 1/2, the same as Saturday night.

Shippers took oats on delivery, and forced an advance, especially in the December option. May fluctuated between 32 1/2 to 33 1/2, with last sale 1/4 to 1/2 higher at 33 1/2. Although plentiful hogs weakened provisions at the outset the market later had a strong turn owing to the better tone in corn and other grain. May pork led with a net advance of 10 to 12 1/2.

NEW YORK STOCKS. New York, Dec. 2.—The supreme court's decision in the Harriman merger case upset the stock market today, after a listless morning session. The announcement from Washington was followed by an outburst of selling, with Union Pacific as the special object of attack. There were large sales of Southern Pacific as well, and virtually all of the favorite stocks, including Industrials as well as railroads, shared in the movement. Union Pacific broke 2 1/2 points, Southern Pacific 2 and Reading, steel, Amalgamated and other prominent shares a lesser amount.

The market met with prompt support at the lower level and prices quickly rallied. The decision was unexpected to many persons and the first impulse was to sell, but on second thought there was a decided change in sentiment. Losses were largely made up and the Harriman issues scored their best figures for the day. Union Pacific preferred was bought heavily and at one time showed a gain of 6%.

The upward movement was attributed to speculative buying on the theory that the court's ruling would necessitate a distribution of Union Pacific's holdings of Southern Pacific. Some of the Harriman bond issues also advanced, in the belief that their retirement might be made necessary but part of the adjustment which must now be made.

Southern Pacific collateral fours alone registered a gain of 6 1/2 points and Oregon short line fours rose 3 points. The court's decision, however, opened up so many possibilities for speculation as to the effects of the readjustment that the trading element was confused and movements of securities were erratic. Before the close the market became heavy again.

The effect of the unfavorable bank statement of last Saturday was shown in the continued tension in the money market. Call loans rose steadily from an opening at 10 per cent until 16 per cent was touched. Late in the day the rates fell back to 6 per cent.

Engagements of a large share of the South African gold offered in

London today by New York bankers did not serve to quiet apprehensions as to the future course of money rates. Stocks were unaffected by money conditions, prices having held firm until the market was upset by announcement of the Harriman decision. The chief influence of high money rates was to reduce speculation on the stock exchange to a minimum.

COUNCIL HELD REGULAR SESSION MONDAY MORNING

Property Owners Presented Petition Protesting Against Court Street Paving—Talk About Car Franchise and Light Plant.

The Monday morning meeting of the city council was brief. Mayor Davis and Commissioners Brennan, Engel and Newman answered the roll call. A petition was presented from property owners on East Court street asking that the new pavement there be not accepted. Reports of officers were received and there was some discussion about the Jacksonville Street Railway Co.'s franchise, the Jacksonville Water Co., and the condition of the city light plant.

The petition from East Court street property owners was that which appeared in the Journal Sunday morning. Action on it was deferred until a later meeting. Mr. Brennan stated that the records he had kept about the amount of water pumped the past month and the general cost of operation would not be ready for the council until next Monday. The final day came on Sunday and this made it necessary to make the figures and calculations this week. It is not meant to give publicity to these figures at this time but to use them as a basis for action if the Jacksonville Water Works Co. makes a proposition to sell the city water.

Mayor Davis said that Mr. Haskell of the water company recently called on him and asked what the council thought about the proposition made by Col. Mackey. The mayor replied that no proposition had been made although Col. Mackey talked about the possibility of making one. It is entirely probable that some proposition will be forthcoming a little later.

Commissioner Newman asked about the street railway franchise and said that the city attorney told him that the suit against the traction company was being held up by order of the mayor. Mayor Davis replied that it was his understanding that the council directed that the suit be not pushed for the present with the idea in view of submitting the question of a franchise at the same time that the matter of light plant bonds are voted upon. The mayor said further in answer to Mr. Newman's question that he believed a conference with Mr. Chubbuck could be arranged at any time that the council desired. Mr. Newman thought it would take a long time to arrive at an understanding between the council and Mr. Chubbuck and that it would be a good plan to have an early conference. It was decided that the mayor should call up Mr. Chubbuck and arrange for a conference at a time satisfactory to the latter.

Mr. Brennan said that he would be opposed to voting on light plant bonds along with anything else. He said that this issue should be decided alone without any reference to some other matter on account of the condition of the plant. The machinery he said is in very bad condition and that Sunday night on account of the high wind and the danger from limbs blowing on the wires that a man was kept constantly on guard ready to turn off the current and prevent it from grounding.

City Treasurer F. E. Farrell reported the general fund as follows: Balance Nov. 1, \$3,078.00. Receipts \$2,948. Vouchers paid, \$1,340.18. Balance Dec. 1, \$4,685.91.

Chief of Police George P. Davis, reported: Arrests, 38; city cases, 36; state cases 2; males 35; females 3. Amount collected \$369. The arrests were as follows: Keeping disorderly house 2; disorderly conduct 26; drunkenness 7; assault and battery 2; peace bond 1; larceny 1.

W. H. Cohn, water superintendent reported: Total amount collected, \$2,143.12. Water rent, \$2,358.12; meters sold, \$20; meters replaced, \$65.

J. T. Owen, sexton Diamond Grove cemetery, reported eleven graves made for November.

John Tuite reported eight graves made at Jacksonville cemetery for the month of November.

R. L. Pyatt, city clerk, reported collections for the month \$443.64. For Jacksonville cemetery, \$56; for Diamond Grove cemetery, \$101.50.

Mrs. Emma Weller, city matron, submitted the following report: To the Honorable Mayor and City Commissioners:

The following is my report for the month of November: I placed two half orphan children of 1 and 5 years of age reported to you last month in the soldiers home at Normal, Ill.

Also I assisted in caring for a girl-mother and her illegitimate child. Also on complaint of the girl I helped to adjust matters in a family where the father had struck and kicked his daughter.

On complaint of the mother I made application of delinquency of a boy in the juvenile court and recommended that he be placed under the care of a probation officer for the present on the promises of his obedience.

One case of a woman who had been working in town a few weeks and seemed somewhat unbalanced was reported to me. I collected the money due her from her employer and with the assistance of the overseer of the poor made up money enough to send her to the town in Ohio where she came from.

Five other cases were reported and investigated and efforts made to restore normal conditions. Respectfully submitted, Emma S. Weller, City Matron.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowing out of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market today.

**SUGGESTIONS TO SHOPPERS.**

The holidays are rapidly approaching and doubtless all who are able and have the desire are planning what they will get for the loved ones during the glad days. It would seem superfluous to say anything regarding the desirability of trading with our home merchants but how are the enterprises of our city to be maintained if they are not sustained by home people?

It is an unquestioned fact that home merchants do better for customers than city business men, all things considered. The merchants of Chicago or St. Louis do nothing for Jacksonville. Nearly every citizen would be sorry to see local stores closed and yet sending to the mail order houses and going on the excursions to the cities and making extensive purchases means a loss to Jacksonville stores. The merchants of Jacksonville are good buyers and careful in their way of doing business. An article not proving satisfactory can be exchanged. If anything goes wrong with it the merchant is here to keep up his good name. Everything is in favor of the home merchants and in Jacksonville there is no lack of variety.

The railroads are announcing cheap excursions to the cities and it is all well enough to use them if one can do so correctly in accordance with his means. But it does look like anything but patriotism and a proper regard for home to see a person returning from a city trip with his arms full of purchases which should have been made at home. It is also important to trade early and not wait till the latter days of the season and then expect the tired, overworked clerks to give you the attention you would have received had you gone to the store in time for your goods.

## MORTUARY

**Hayden.**  
Funeral services for Bessie Marie Hayden were held Monday afternoon at 2:30 o'clock at Mt. Emory Baptist church in charge of Rev. Mr. Russell. Music was furnished by the church choir and Thomas Wagner sang a solo. The many beautiful flowers were in charge of Josie Gray, Bessie Johnson, Ona O'Brien and Stella Smith.

Interment was made in Jacksonville cemetery and the bearers were Will Gray, Carl Spencer, Wath Williams, Herbert Hyatt, Nehemiah Revis and Roy Ross.

**Landreth.**  
Funeral services for Robert Landreth were held Sunday afternoon at 2 o'clock at the First Baptist church in charge of Rev. W. L. Dorgan. Music was furnished by a quartet composed of Miss Laura Hayden, Miss Etta Massey, Roy Bracewell and William Kirby and the flowers, which were many and beautiful, were cared for by Mrs. Price, Mrs. Rodriguez, Mrs. Ornellas and Mrs. Vieira.

Interment was made in Diamond Grove cemetery and the commitment service was in charge of Harmony lodge No. 3, Masons, C. P. Ross acting as worshipful master. The bearers were S. M. Ramsey, S. L. Griggs, Maurice Grammer, S. F. Hames, William Boyd and John Nunes.

**Calvin.**  
William Calvin, formerly a resident of this city, died rather suddenly Sunday morning at his home in Havana, death being attributed to heart trouble.

The deceased was born at Godfrey and was 55 years of age. He was married in this city to Mettie McPherson, and the family resided in this city fifteen years. While here Mr. Calvin was employed at the Chicago & Alton freight depot. Fifteen years ago they moved to Havana, where the deceased has been ticket agent for the C. P. & St. L. railroad. He is survived by his wife and three children, Miss Margaret Calvin, Howard Calvin and Mrs. Willard, all residents of Havana. Mr. Calvin was a grandson of the man who founded the Monticello seminary. He was a member of the Masonic fraternity and while a resident of this city was a member of Centenary church.

The remains will be brought to this city this morning at 10:55 o'clock via the C. P. & St. L., and interment will be made in Diamond Grove cemetery. The members of the Knights Templar will escort the body to the cemetery and have charge of the commitment services.

**Loneragan.**  
Dennis Loneragan died Monday morning at 10 o'clock at Our Saviour's hospital, where he had been a patient for only a few days. He was 63 years of age and a native of Ireland. When a young man he came to this country, first residing in New Jersey and came to Illinois in 1865. He found conditions that suited him along the farming line in Murrayville, where he has always resided. He was a very successful farmer and owned considerable property. He was a man whom everyone liked and respected highly.

For some time Mr. Loneragan had been making his home with his brother, Michael Loneragan in Murrayville. Besides the brother he is survived by two sisters, Mrs. Eliza Robinson of Aurora, Mo., and Mrs. John Sutter of this city.

The remains were taken to the home of his brother-in-law, John Sutter, and funeral services will be conducted Wednesday morning at 10 o'clock from the Church of Our Saviour, with interment in Calvary cemetery.

**Erixon.**  
Mrs. John N. Erixon died at her home in Upland, Cal., at 9 o'clock Wednesday evening, Nov. 27th, aged 44 years. Mrs. Erixon had not had good health for twenty years. About two years ago she was afflicted with a cancer which was the cause of her death. Mrs. Erixon was the daughter of Mr. and Mrs. James H. Silcox and was born about three miles east of Concord, Ill. At the age of 19 she united with the Methodist Protestant church at Grace Chapel. She took an active part in all church work as long as her health would permit. She was of a kind, loving, cheerful disposition and bore her afflictions with great fortitude.

Mrs. Erixon is survived by her husband and daughter, also her parents and six brothers, all of Upland. Her two sisters, passed away some years ago. The funeral services were conducted Friday afternoon, Nov. 29, at 2:30 o'clock at the residence on East Ninth street, Upland.

**SAYS THERE HAS BEEN MUCH JURY BRIBING IN COOK COUNTY**  
Chicago, Dec. 2.—There is, or has been, much bribery in connection with criminal court juries in Cook county, according to Maclay Hoyne, who was sworn in as state's attorney.

Mr. Hoyne made this statement, which he said was based on a preliminary investigation, in outlining his policies at state's attorney.

"A preliminary investigation shows a scandalous state of affairs in the criminal court," said Mr. Hoyne, "and if fuller investigation develops legal evidence I am going after jury bribers."

To go into details of the charges at this time Mr. Hoyne said would defeat the ends of justice. He said further that the staff of detectives used extensively by his predecessor would be abolished.

He would content himself he said with prosecuting the cases laid before him.

**STOLEN FREIGHT RECOVERED.**  
Chicago, Dec. 2.—Property valued at \$20,000 said to have been stolen from freight cars by an organized gang was recovered by the police here today. Fred Smith in Chicago and Edward Grimm at St. Louis are being held in connection with the robberies. Others are being sought.

**CLEAR CHURCH INDEBTEDNESS.**

Raised \$1620 Sunday at the Central Christian Church.  
Sunday morning at the Central Christian church the last indebtedness of the church building was whipped out when \$1620 was raised in about twenty-five minutes. Several pledges made toward the new church at the time of its building were not made and the members planned on a day to clean up the required amount and the work was in charge of the board of deacons with D. Rees Browning as manager. The Pastoral Helpers pledged \$500 and the other pledges amounted from \$100 down.

**Revival Closes.**  
The special evangelistic services which have been in progress at the church came to a close Sunday evening. Despite the inclement weather a good sized audience was present. The pastor, Rev. Clyde Darsie, preached a forceful sermon from the subject, "Why I am a Disciple of Christ." There have been over twenty-five converts during the meetings, and the members have felt the helpfulness of the strong sermons which the pastor-evangelist has preached.

### WILL TEACH IN MILWAUKEE.

Prof. Karl J. Bruening Soon to Leave Jacksonville.

Prof. Karl J. Bruening is soon to leave the city to accept a position in the Lutheran schools of Milwaukee. The school to which Prof. Bruening goes, is just starting up and is known as the Central school. He will have charge of the lower grades with a chance to rise. There are now 250 pupils in the school and when everything gets in good working order the attendance is expected to be 800. Prof. Bruening will also be organist of the Hope church and director of the choir.

For the past eight years Prof. Bruening has been an instructor in the parochial schools of the Salem Lutheran church of this city and not only in the school, but in the church, he has taken an active part, being director of the choir. Prof. Bruening is a graduate of the Addison Teachers' seminary and of the Gem City Business college of Quincy. He is especially fitted for the work of teaching and his labors with the local institution have been highly appreciated. He goes to this new work with the sanction of his many friends who regret exceedingly to see the family leave the city. No successor has been appointed for Prof. Bruening. The church management will hold a meeting in two weeks, at which time it is expected that a new instructor will have been secured.

### WORKS PRESENTS BILL TO PROTECT CREDIT.

Washington, Dec. 2.—Senator Works has prepared for introduction in the senate a bill making it a felony for any person or corporation to interfere with another person or corporation obtaining financial aid in the organization or carrying on of any interstate business. The bill is based on complaints of the interference of railroads with prospective rivals by impairing their credit.

### WILL DISCUSS BRESNAHAN CONTEST.

New York, Dec. 2.—President Lynch of the National League today sent out a call for a meeting of the board of directors on Monday night, the day before the annual meeting of the league on December 10th. The meeting of the board has been called to decide the status of Roger Bresnahan's contract. Bresnahan had a five years' engagement to manage the St. Louis Cardinals, but was released after serving only one year. Bresnahan was in New York shortly before the Fogel inquiry and asked President Lynch that his status be defined by the league directors.

### URGES GOVERNMENT TO BUY.

Washington, Dec. 2.—Representatives of the American Pneumatic service company, today appeared before a special senate commission of which Senator Guggenheim of Colorado, is chairman, to urge that the government purchase the postal pneumatic tube systems in New York, Chicago, Boston and St. Louis. The commission was told that this company through subsidiaries had invested about \$7,250,000 in the four cities, and would be willing to sell at a fair valuation to be agreed upon after investigation by government experts. The government pays \$17,000 a mile for the use of the tubes, under contracts entered into by the postoffice department.

Mr. Taylor and his bride arrived here today. This is Mr. Taylor's second marriage and the bride's third.

### EUGEE MULLENS DIES FROM BURNS RECEIVED SUNDAY

Clothing Catches Fire as Little Tot is Playing in House—Passes Away at Passavant Hospital Four Hours Later.

Eugene Mullens, three and one-half-year-old son of Mrs. George Mullens 3721 Hardin Ave, died Sunday afternoon at 1:30 at Passavant hospital as the result of burns he received while playing at his home Sunday morning.

At the time of the accident the little boy was in the house alone with his little brother, William, aged 1½ years, the mother being at the residence of a neighbor, Mrs. Charles Sluder. Not long after Mrs. Mullens left the house the four other children returned from Sunday school and after remaining in the house for a short time started out and asked their brother if he wanted to go with them, but when he said no they went without him. They had not been gone from the house more than five minutes and when the mother and the other children opened the door the room was so completely filled with smoke that it was barely possible to see anything in it. Mrs. Mullens called fire and ran into the house and picked up the smaller boy, William, not seeing the other. Mr. Sluder heard Mrs. Mullens' cry and ran over to the house, and seeing the boy standing with his clothing burning, first tried to pull them off, but failing in this he picked up a bucket of water and threw it on the boy. He then picked him up and carried him to the Sluder residence, from which place he called Dr. Norris.

The doctor arrived in a short time and after giving the boy emergency attention, took him to Passavant hospital, where everything possible was done to save his life, but he died at 1:30 o'clock. In examining the room in which the boy was, two sticks with the ends burned were found lying on the floor, which gave evidence of the fact that the boy had put the sticks in the stove and in pulling them out caught his clothes on fire.

The remains were removed from the hospital to the Reynolds undertaking establishment where an inquest was held Monday morning by Coroner Skinner, the following composing the jury: Ira M. Mapes, foreman; Ira M. Bunce, George V. Baptist, W. Guthrie, John Tuite and John W. Matthews, clerk. The witnesses examined were Charles Sluder and Dr. F. A. Morris and their testimony was substantially the same as the above. The jury returned a verdict that death was caused by severe burns about the body.

This is the third death in the Mullens family during the past year. Sophia, a twin of the little boy who was burned, died in December, 1911, and the father, George Mullens, died last March. The deceased is survived by his mother and the following brothers and sisters: William, Dorothy, Anderson, Clytis and George.

Funeral services will be held at the residence, 721 Hardin avenue, this morning at 11 o'clock in charge of Rev. J. G. Kuppler and interment will be made in Jacksonville cemetery.

### TO TEST CONSTITUTIONALITY OF NEWSPAPER PUBLICITY LAW

Oral Arguments Are Begun in Test Case Now Before the Supreme Court of the United States.

Washington, Dec. 2.—Oral arguments of the constitutionality of the "newspaper publicity law" was begun today before the supreme court of the United States. Robert C. Morris, on behalf of the New York Journal of Commerce attacked the law as abridging the freedom of the press, while Solicitor General Bullitt defended the act as merely imposing additional conditions under which newspapers may obtain the second class mail provisions.

The solicitor general will continue his arguments tomorrow when James Beck on behalf of the Lewis Publishing company will make the final argument on behalf of the newspapers.

Chief Justice White questioned Mr. Morris at length several times, suggesting that the question of the effect of the law was one to be addressed to congress and not to the courts. In this connection he said he had in mind the oleomargarine case, in which anyone "who looked beyond his face," knew that the object was to prohibit the manufacture of a product while it merely purported to levy a tax. He also suggested an interpretation that would permit the "advertisement" section to stand as a valid act only as to newspapers in the District of Columbia or jurisdiction over which the United States has executive jurisdiction.

### BRUSH HEIRS WILL NOT SELL CLUB

Indianapolis, Ind., Dec. 2.—Harry N. Hempstead, son-in-law of the late John T. Brush and slated to succeed him as president of the New York National league club today declared there was absolutely no truth in the report that the Brush heirs will sell the club. He said he had not heard of any negotiations for the sale of the club to two prominent horsemen, as was reported last night.

### ARE GIVEN LIFE SENTENCE.

Madison, Wis., Dec. 2.—James Croft, James Lynch and Edward Olson, found guilty last week of the murder of Peter P. Olstad a retired farmer of Broadhead, Wis., were denied a new trial in the circuit court today, and were sentenced to state's prison for life.

Each protested his innocence. The prisoners admitted robbing Olstad whose body was found in Lake Monona here two days later, but denied any connection with his death.
